Dear Ms Bakhitova,

We are pleased to welcome you as an Elected Member of the ISI. Your interest and support in the ISI is important to us and we are pleased that you have joined the distinguished group of elected members of the ISI. Congratulations on your election!

Please visit the ISI website at [www.isi-web.org](http://www.isi-web.org) where you get information about the ISI and its Associations, their organisational structures, our wide scope of our activities and the latest news events that might be of interest to you.

Elected membership in the ISI entitles you to join one ISI Association of your choice without any additional fee, with the exception of IASC and the Bernoulli Society as it is compulsory to subscribe to their journals. If you are not yet a member of an ISI Association you may choose one. If you are already a member of an ISI Association/s, you will receive an appropriate reduction on the total membership fee. As a member of the ISI, you can also subscribe to the various ISI/Associations publications at discounted rates.

One of the main benefits of ISI membership is the extensive network of statisticians, covering all areas of statistical sciences from around the globe. You get to meet these members when you participate in the ISI World Statistics Congresses (WSC) as well as in many other exciting conferences and meetings. The ISI is also actively seeking members to become involved in statistical capacity building activities in developing regions. Please feel free to contact us to discuss any of these other aspects of the ISI.

Finally, can you please send a digital photograph to Mrs. Olivia van Dijck-Timbol ([o.vandijck-timbol@cbs.nl](mailto:o.vandijck-timbol@cbs.nl)) for our collection of pictures of ISI members. You should also inform her if you would prefer not to have your name shown on the ISI website. The ISI will no longer publish contact details on its website.

We look forward to working with you. Welcome to the ISI.

Yours sincerely,

Helen MacGillivray  
ISI President
